- 21. A. The Internet: A Very Useful Tool
- 22. B. a few seconds
- 23. C. go to the library
- 24. impossible
- 25. decision
- 26. Last week, I Watched a TV program about elephants and their lives. They can swim very well, and they like it a lot. I was surprised when I found out that elephants usually stand when they sleep. People tame elephants, and they help humans. They can carry heavy things. I like going to the circus when elephants perform.
