25. Online learning has become an important part of our daily lives. Thanks to the Internet, students can now learn from anywhere in the world. In the past, people had to go to schools or libraries to find information. But now, we can study at home just by clicking a mouse. Online courses, videos, and e-books make learning easier and faster. It also saves time and money. Communication with teachers and classmates is also much easier through email or video calls. Truly, the Internet has changed the way we learn and made education more useful and accessible to everyone.
